8 February 2022

The Registrar
University of Makeni (UNIMAK)
Makeni

Dear Sir/Madam,

CAMPUS ACCREDITATION

Thank you for submitting application to the Tertiary Education Commission (TEC) for registration and accreditation of the St John of God campus, Lunsar, as a new campus of the University of Makeni, according to the laws guiding the establishment of new campuses in Sierra Leone (TEC Act, 2001).

Following receipt of your application and verification of documents submitted, the Commission put together a Team of Experts to determine the veracity of information provided with your application, as well as your University's preparedness to operate a new campus, based on the standards set in the TEC Regulations of 2006. The Team conducted their work, which among others, involved a thorough evaluation of:

- a. available facilities to support teaching and learning, and
- b. adequacy of staff for proposed academic, administrative and social activities of the institution.

Kindly be informed that the report submitted by the Team of Experts, at the end of their evaluation, was presented to members of the Commission during the General Meeting of the Commission held on January 27th 2022. In this regard, I am pleased to inform you that the Commission has decided that your application demonstrated sufficient level of preparedness to register a new campus, and therefore granted your University approval to register the St John of God Campus as a new campus of the University.

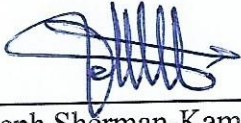

Please find attached an excerpt of the report detailing the key findings and recommendations submitted on your application for your attention and necessary action.

This accreditation grants you permission to only mount programmes that are accredited to St John of God College and UNIMAK.

Please contact the TEC Secretariat for payment of registration fees. You are required to apprise the Commission of developments taking place on this campus as well as other campuses in your annual reports to the Commission.

On behalf of the Commission, I wish to congratulate you as you achieve this important milestone.

Sincerely,

Joseph Sherman-Kamara (PhD)

EXECUTIVE SECRETARY
